3rd December 2020

To All the Members of the Council

Greetings!

Subject: Research and Statistics Webpage is LIVE!

As you are aware that the GJEPC has been computing and analysing data related to exports and imports of gem and jewellery on monthly/annual basis since long. This enables the various stakeholders to analyse and understand the direction of G&J trade and undertake the decisions accordingly.

In the present times, '**DATA**' and '**INFORMATION**' is critical for enhancing competitiveness of an any business at the domestic and international level.

To facilitate our members, GJEPC has revamped its **Research and Statistics** Web page and added various new facilities and features that would be very much helpful for the exporters a) to understand the trade trends b) to know the HS codes description along with tariff with ease c) to calculate the import duties and d) to have the market/trade information.

Key Features:

1. Trade Bank – User friendly Query Generation Interface for accessing EXPORTS/IMPORTS Value-wise
 - Commodity wise, Commodity* Country wise
 - Country wise, Country-wise all Commodities
 - Region-wise
