

The announcement of 0.1% transactional commodities so as to facilitate a more open market. However, it is the belief that this scheme will reduce the Gold commodity through derivative exchange leading to a global investment purpose.

However, GJEPC also called for a rationalization already in place in India. It has the potential of return market on gold.

The Council budget does not contain any of the current constraints that the economy faces.

---

Notes to Editor:

The Gem & Jewellery Export Promotion Council is a body of Jewellery exporters. Set up in 1966, it is under the supervision of the Ministry of Commerce & Industry.
