

Asia's Fashion Jewellery and Accessories and Design Competition 22 - 25 June 2006

We are organizer of the bi-annual exhibition, **Asia's Fashion Jewellery & Accessories & Accessories Fair (AFJ)**, which is held in June and September each year in Hong Kong. AFJ is the only trade fair

in Asia which is dedicated to the fashion jewellery & accessories industry. AFJ has received tremendous support from the international fashion jewellery trade. In the June edition of 2005, more than 500 exhibitors from 19 countries and regions exhibited in the fair while over 14,000 trade buyers from more than 98 countries and regions attended the fair. For further information about the Fair, please visit our

Website: [www.jewellerynetasia.com](http://www.jewellerynetasia.com)

In June 2006, the first **Asia's Fashion Jewellery & Accessories Design Competition** will be launched at AFJ. The Competition aims to encourage Asian entrants to develop their creativity and begin their own innovative collections by working closely with the industry.

As your association works closely with the gem and jewellery industry in India, we believe that there will be a strong participation of your members. We would like to seek your permission for distribution brochures and entry forms of the design competition at your association. Attached please find the brochure and entry forms of the competition for your reference.

The Competition would undoubtedly be an excellent opportunity for talents in your association to demonstrate their creative minds. By taking part in the contest, participants would gain a valuable experience and a wide exposure to the media and the fashion jewellery & accessories industry.
